

1615 La Loma Ave.
Berkeley Calif.
June 12. 1920.

My dear Professor Munz:

Yesterday I returned (by prepaid express) the
20 sheets of herbarium specimens which you so kindly
loaned me a couple of months ago. Their return was
delayed somewhat in order to give my artist time
to make a drawing from one of the Artemisia
Canadensis sheets. And in other ways the collection
has been of much assistance to me. Please accept
my best thanks for your kindness.

Mr. Johnston writes that he had a
splendid trip with you to the Providence Mts. &c.
I envy both of you the opportunity to visit that
splendid region in such good company!

Very sincerely yours
H. M. Hall
